SUPPORT VACUPAC

Virginia Credit Union Political Action Committee

When credit unions unite we have a stronger voice to support our cause. VACUPAC plays a very important role in the effort to represent all credit unions in Virginia on a state and federal level. Laws and regulations rule our credit unions and how we serve our members. We need lawmakers who work with us and support our mission through sensible legislation. VACUPAC supports

candidates, who have a proven track record on voting and introducing bills on behalf of credit unions, sit on a committee that reviews our legislation, and have a willingness to amend bills on our behalf.

**Join the fun, and
invest in the future
of credit unions!**

Your support is vital because legislation affects your credit union and our ability to help our members and community. We need lawmakers who help create positive legislation for credit unions. Running for election is expensive and your support helps. This event is a fun way to connect with various credit unions and their partners while investing in our future..
